Continuation of Substance of Interview including description of the general nature of what was discussed: Arguments pertaining to online ordering of agent product search (physical search) at sales shops for products not orderable via a network connection were persuasive. Woolston in combination with Walker and Buyclassiccars.com fail to disclose or suggest the claimed feature. The final office action mailed 26 September 2006 is withdrawn. A new office action will be issued based on claims entered 07 July 2006.

Pertaining to claim language, claims 5, 8, 15, and 18 claim contradicting elements. If the system can transmit sales information that includes product listings for a plurality of items which are only sold at sales shops, then the sales shops are accessible via the communications network. Rejection under 35 USC 112 will be included in the next office action.

A telephone discussion with Mr. Bach was held on 19 January 2007. Arguments already on the record were reviewed to the extent that this Examiner agreed to a follow-on discussion pertaining to the merits of the prior art and claimed subject matter.
